Equal Opportunities Statement

DadsHouse is committed to ensuring equality of access to all its services. DadsHouse aims to ensure that no sector of the community shall be denied access or receive a poor service on the grounds of race, colour, ethnic or national origin, being a traveller or gypsy, age, religion, gender or transgender identity, sexual orientation, marital and civil partnership status, family circumstances or caring responsibilities, pregnancy and maternity or disability.

DadsHouse recognises the diversity of cultures and ethnic communities within the areas it serves, and we aim to promote this diversity in our work and provision of services. We are also committed to achieving diversity in our workforce, our service users and potential users.

DadsHouse is committed to providing and promoting a positive learning environment which is free from prejudice, discrimination, and any forms of harassment, bullying or victimisation.
